## JUNIOR CHAIRPERSON'S REPORT 2021

Like all organisations Covid 19 has also had an impact on the operations of Junior Surf Lifesaving in 2020/21. With the support of SLSNSW, David Field, Sam Clutterbuck, Debbie Pawsey and each club nippers have fortunately continued at a Club and Branch level with minimal changes for the Far North Coast.

The weather has been less kind to the Surf Sports component of the nipper program with the Cabarita Teams Carnival cancelled in December. Nippers competed with their expected enthusiasm at the Lennox Head U12-masters carnival, it was a great show piece for athletes and an opportunity for nippers to be part of the larger social context of surf lifesaving in FNC. Thank you to Lennox Head Surf Club for organising a great day. Yamba bravely navigated the first and only nipper carnival so far this season. They must be congratulated for their organisation and coordination creating a competitive and fair carnival within our new COVID safe environment. Nippers across all clubs are now in preparation for the Branch Championships, Cabarita Branch Carnival and NSW All Age Championships. I would like to acknowledge the considerable administrative and logistical workload it has taken to organise surf sports this year and thank all those involved in making these events happen.

Age Managers and Junior Activity Coordinators (JAC) were given the opportunity to upskill with a presentation at Salt Surf Club from Doug Hawkins. Doug presented the JAC Training Course and the Age Managers Course. A significant theme across the JAC presentation was the challenge of engagement and retention of both nippers and parents. Clubs were encouraged to think creatively on how to engage parents in Sunday Nippers and clubs have responded implementing various training for parents such as SRC and beach observer training. The Age Managers were encouraged to consider changing the structure of the Sunday Nipper program – in essence less racing and more education was discussed. It was evident that clubs have different expectations on what an Age Manager can achieve and the surf guides are instrumental in ensuring the learning outcomes for each group were achieved as a priority.

The Junior Lifesaver of the Year is always a highlight for the U14 age group. Thank you to Sam Clutterbuck for his patience in organising the panel and interviews not once but twice due to the weather conditions. The panel comprised of John Watson (FNC), Paul Smith and Mikala Campbell interviewed the U14 candidates from the junior clubs across Far North Coast Branch. Choosing a candidate to represent Far North Coast is always a challenge, congratulations to all those U14s that participated in this program allowing individuals to demonstrate and develop their understanding of the values and purpose of surf lifesaving. Phoebe Link (Byron Bay) and Ethan Bayly (Lennox Head) were successful at the FNC interviews and will travel to Sydney in April to attend the Development Camp. I wish them all the best with this opportunity.

After considering the feedback from previous U13/14 development camps, David Field was instrumental in orchestrating a camp with a difference, Dare to Lead in Lifesaving. The seventy two 13 and 14 year olds were able to engage in a variety of activities and information sessions to enhance their understanding and skills in search and rescue, drone flying and leadership. The program was well structured over 24 hours and the group were given plenty of opportunity to socialise with other clubs and get to know other future lifesavers. David organised an impressive line of speakers from politicians to IRB drivers who motivated the nippers to continue to engage in the surf lifesaving community. The parent chaperones were able to learn some things to and meet other parents. Thank you to Salt Surf Club who graciously hosted the camp and cooked up a delicious bacon and egg roll on Sunday morning. From yoga to night searches most areas of surf lifesaving were touched on, David really did cover of everything. Thank you, David Field, for the time you invested in programming and presenting, also Sam Clutterbuck for his administration in the background.

Finally, congratulations to all Far North Coast nippers and their families for beginning or continuing your journey in the lifesaving movement in 2020/21. I know your nipper will value the surf safe award they achieve this year, hopefully it will be the first of many and they continue on to achieve their Bronze Medallion. The lifesaving community provides ongoing opportunity for learning and engagement, and in my experience is a great example of an organisation where you get out of something what you give. If you haven't quite found your place in your club, keep searching there really is something for everyone. I look forward to seeing some of the nippers in action over the next few weeks at Branch Championships in Cudgen and at the Cabarita Carnival. Thank you to Far North Coast Branch and in particular, Sam Clutterbuck who really has kept the JACs on track as we navigate an unusual season.

All the best,

Kirsty

## FNC BRANCH HISTORY

Our Far North Coast Junior Activities was formed at a meeting at Evans Head held on the 19th November, 1967.

Elected were Jim Flanagan as Patron, Noel Blumer President with Fred Phillips Secretary and Treasurer, Vice Presidents T O'Brien (BB), C Crawford (Bal), A Moss (EHC).

Noel Blumer and Jack Hall continued in their positions until the end of the 1974/75 season with Ron Hutchinson who was secretary from 1968 to the end of the 1982 season.

	PRESIDENT	SECRETARY	TREASURER	SUPERINTENDENT
1975-1981	E. Layton	R. Hutchinson	T. Graniger	J. Clarke

## DIRECTOR OF SURF SPORTS REPORT 2021

Once again it gives me great pleasure to submit this annual report. What a season!

This past season has been like none other and it has made us try many new things to get carnivals up and running in the branch. The Competition committee has been working behind the scene to make this happen for everyone in the safest way possible coping with all rules and regulations put upon us. Thank you to all clubs for your understanding. With working around all the COVID-19 regulations this saw the carnival season start a few weeks later than usual which meant we had one less JAC carnival than previous years.

With another season almost over and the Branch Titles upon us once again, this season has turned out to be very successful in many ways. With changes almost weekly it has put a lot of extra work on a number of people. Special thanks to Harry Klouzal, Bryan Lyndon, Paul Irwin and Sam Clutterbuck.

To our dedicated officials, Water Safety Personal and helpers that have remained dedicated to the Branch. Branch spirit of work hard and pull together has made our carnivals created a very successful. Yamba, Lennox Head, Cabarita hosted the Club Carnivals this season. All clubs did a great job making sure the carnivals ran smoothly.

Lennox Head & Alstonville SLSC hosted the first Youth – Open Carnival, the club worked hard to set up a great competition area and we had great conditions for a carnival in some time, surf conditions at Lennox this weekend could not get any better for our young lifesavers to kick off the season.

Once again, the natural amphitheatre at Yamba proves to have the best atmosphere for carnivals and this season was no different, with the number restricted to 500 this saw us take the Under 9s and Under 10s around to Convent Beach to keep our number in line with COVID-19. Thanks, to the Yamba club for once again pulling together for a wonderful carnival.

Due to conditions on the Northern Rivers we had to postpone the junior carnival set for Cabarita from December to the 14th February 2021. This will be a good runup to those going to state or a carnival at the end of the season for those not attending state this year with the restriction put on by SLSNSW and COVID-19. We look forward to being back at Cabarita then.

Clubs are still working on encouraging new officials but we still need a lot more to go through the process of completing this course as we usually have a 41% drop off of new officials.

With the beach erosion at Byron Bay, I would like to thank Cudgen Headland for hosting the Branch titles this year, with the new format combining the Juniors and Seniors, I look forward to feedback.

To all those superb group of Officials, First Aid, Water Safety and Scrutineers throughout this Branch – thank you.

Yours in Surf Life Saving,

Debbie Pawsey

Director of Surf Sports

## DARE TO LEAD IN LIFESAVING U13-14 DEVELOPMENT CAMP

73 junior lifesavers attended the Under 13 Under 14 Development Camp on the weekend of 9th and 10th January 2021.

Eight clubs sent participants – Evans Head sent no participants but their JAC, Lucy Ellis, presented at the camp. Fingal Rovers SLSC unfortunately have no members in these age groups.

The speakers were Senator Jenny McAllister, Dr Rachael Robinson, Pamela Simon, Mikala Campbell, Kirsty Pockley, Sven Loemker, Shantell Gregoraci, Anthea Warne, Wilson Cregan, Ernie Williams and Scott McCartney.

Salt SLSC was an excellent venue and costs were able to be minimised with participants paying \$20.

The highlights of the Camp, according to the participants were the Survivor Adventure Challenge including the Bridge jump and the Night Search. The activities were: Survivor Adventure Challenge, Respect - the key to Leadership, Remote First Aid, Junior Search and Rescue, Dare to Lead in Lifesaving Keynote Speakers, If I ruled the World, Welcome to Country, So you Wanna Be A Lifeguard? Night Search, Morning Yoga or Morning Surf, UAV Demonstration and talk, Dare to Lead keynote speakers.

Feedback has been overwhelmingly positive and the JACs should take a bow for the way they facilitated the Camp.

Thanks to Salt SLSC and their team for creating such a great venue.

Kirsty Pockley

Sam Clutterbuck

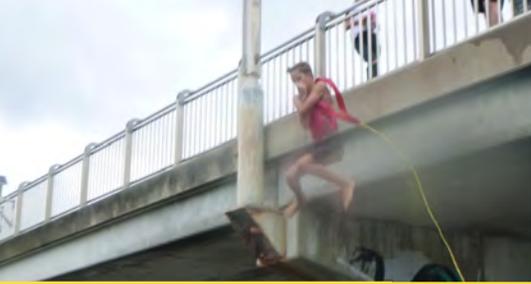

David Field

Branch JAC Chair

Branch Admin.

## FNC JUNIOR LIFESAVER OF THE YEAR 2020-21 NOMINEES

On Sunday 13th December 2020, the Junior Lifesaver of the Year interviews were scheduled to take place at the JAC carnival, at Cabarita Beach.

Unfortunately, 2020 threw another curveball at our schedule and we had to postpone due to the extreme weather event.

We then rescheduled the interviews to take place at Cabarita Beach on Sunday 17th January 2021 while the open carnival took place at the beach.

Well done to all 11 candidates who gave up their time to complete the 2021 Surf Life Saving Far North Coast Branch Junior Lifesaver of the Year selection interviews.

Thank-you to this year's awards panel consisting of John Watson, Paul Smith and Mikala Campbell, for their time.

A photograph of each candidate can be found on the following page, with the winners of this year's award.

The successful candidates will go on to represent the Far North Coast Branch at the surf lifesaving NSW junior lifesaver of the year development program to determine the state winners.

The development program and camp will be taking place in Sydney's Northern Beaches in April 2021.

Good luck

### FNC NEWCASTLE PERMANENT JUNIOR LIFESAVER OF THE YEAR 2020-21 NOMINEES

Club	Nominee
Fingal Rovers	Not represented
Cudgen Headland	Harrison Gray
Salt	Liam Gregoraci
Cabarita Beach	India Keeling and Jaxon Thomas
Brunswick	Not represented
Byron Bay	Phoebe Link and Jack Safranek
Lennox Head - Alstonville	Bronte Mills and Ethan Bayly
Ballina Lighthouse & Lismore	Coco Lacson and Cooper Keane
Evans Head	Abbie Yourell
Yamba	Not represented

The 2020/21 Surf Life Saving season has been hugely impacted by the global pandemic, COVID-19.

During the 2019/20 season it halted patrols one month earlier than scheduled, continued for the remainder of 2020 and into 2021.

It began with a nation-wide lockdown at the end of March 2020, lasting several months, resulting in several major competitions and events being postponed or cancelled throughout SLS New South Wales.

The 2020 SLS State Championships had just completed before everything else came to a halt. Australian Champs, Interbranch 2020, World Champs, and the Olympics were all postponed or cancelled.

It was a year that bought much uncertainty like the world had pressed the 'reset' button.

As we finished the 2020 season and head into the 2021 season, there are still several rules and restrictions required when delivering events. At this stage there is still hope for the State and even National Champs to go ahead, adhering to the "new norm".

Well done to all the Far North Coast Members who have continued to put in 100% effort keeping the junior program and activities delivered throughout the branch...Not even a global pandemic can stop our volunteers!

Here's hoping 2021 and beyond allows us all to continue functioning successfully as an organisation and return to some pre- COVID normality.

## BALLINA LIGHTHOUSE & LISMORE SLSC JUNIORS

As with every sport this season, Surf Life Saving had to adapt to new restrictions, rules and COVID 19 plans. The support from our club was amazing in assisting our Junior Activities Committee to ensure that all aspects nippers was kept safe and abiding by the changing scenarios of COVID 19.

There was an enormous amount of help from our parents, age managers and committee to ensure that we continued to deliver excellent and well organised nipper days.

Our numbers for this season exceeded our previous, which was amazing. These families have helped out with nippers and some starting their SRC & Bronze courses.

We are fortunate to have a very committed and supportive Junior Activities Committee which has made my role as Director a positive and rewarding experience. Our age managers and water safety personnel turn up each week – a terrific group of people. The amazing commitment from our coaches is evident when we see the improvement in our nippers. They have given up many hours of paid work to teach our nippers the skills and techniques to improve their fitness, strength, stamina and to be an overall better nipper.

Congratulations to our members who received their SRC this season and are now patrolling – you are an asset to our club; Erin Green, Coco Lacson, Kelly Campbell, Cooper Keane, Kalani Franklin, Taj Patton, Jasmine Poptie, Emily Hart, Oscar Walsh & Zarli Currey. Fortunately, we were able to carry this program out during COVID, incorporating a camp which was the highlight of the program. Some of these members also recently attended the U13 / U14 Development Camp at Salt surf club which was attended by 60 other nippers. This was a fantastic opportunity for our club members to engage with other club members outside competition, learn more about the surf lifesaving movement and hear from valued speakers.

I would also like to recognise and congratulate Cooper Keane & Coco Lacson, who received our Club Junior Lifesaver of the Year 2020/21 Award. These two candidates were amongst several who were interviewed and were successful in their bid to represent our club for the Branch JLOTY title.

We are enormously grateful to our major sponsor this year, Professionals Ballina, for again enthusiastically supporting our nippers. This sponsorship contributes greatly to providing our nippers with representative clothing & rashies.

Our club looks forward to the remainder of the season and Branch Titles at the end of January. Thank you to FNC Branch for your support with administration, surf sports, development camps and the like. Finally, a very sincere thank you to all of our members for your enduring support, enthusiasm and time over the season.

Good luck to our nippers for safe & successful remainder of the season.

Jenni Campbell

Director of Junior Activities

Ballina Lighthouse & Lismore SLSC

## BRUNSWICK SLSC JUNIORS

The 2020/21 season has been very encouraging for Brunswick Nippers. With the redevelopment of the Clubhouse expected to commence in November / December 2020 the Committee elected not to actively recruit for the season and to have a year of consolidation. Nevertheless, we had an unexpected increase in numbers over last year – up to over 160 – which is great but has presented its challenges. By far our greatest numbers are in the U6 to U8 age groups, and we have really been fostering parent and carer involvement this year to build our water safety and official stocks for upcoming seasons. We anticipate that once the Clubhouse redevelopment is complete, our numbers will significantly increase, and the Committee will be developing strategic and forward financial plans to cater for this potential growth.

There has been a great atmosphere at our regular Nippers Sunday Sessions, and the enthusiasm of the kids as well as their parents and carers is very heartening. At one of our sessions early in the season we hosted a Byron contingent, which went really well with great spirit and positive feedback from all involved. It was pleasing to work together rather than just compete against one another.

On the matter of working together, this season we were also grateful to be able to host a special Junior Search and Rescue Training Day coordinated by David Field and attended by Brunswick and Byron U13 and U14 Nippers. The training covered various theoretical and practical lessons and the kids received valuable guidance and instruction in this element of Surf Lifesaving. A big thank you to David for coordinating this day, and to the Byron contingent for their participation and assistance.

I'd also like to thank David, Sam and Kirsty for coordinating the recent Junior Development Camp - it was a lot time and effort over a short period of time, and it is appreciated. Thanks also to the support crew (Water Safety and Chaperones), the presenters, and to Salt SLSC for hosting the event.

Our first Sunday morning session of the New Year was held on 17 January, with by far the best conditions of the season. Again, we had encouraging numbers and we are refreshed and ready for the charge to the end of the season.

We are excited about the future of Brunswick SLSC and Nippers, and the opportunities that will come with a new state-of-the-art Club House. I don't know that we will ever match it with our powerhouse neighbours, but Brunswick SLSC has a bright future for many years to come.

Cheers

Warren Burgess

President

Brunswick SLSC - Junior Activities Committee

## BYRON BAY SLSC JUNIORS

Byron Bay Junior Surf Life Saving Club started the season in October 2020 with 250 nippers. Nearly half of the Byron Bay nippers were new this year and it has been wonderful to share our lifesaving culture with more families from around Australia and the globe. Byron Bay Main Beach experienced significant erosion in 2020 impacting on the safety of the beach for the community and many beach days over the middle and latter part of the year saw the beach closed due to the hazards. Submerged rocks, debris and limited sand all impacting on nipper activities. With support from the surf club executive and patrols nippers completed the program by making use of the clubhouse, park, pool and Captain Cook's Beach. Thank you for the support from other Nipper Clubs offering to assist with training and nipper days.

Thanks to the Doug Hawkins Travelling Roadshow the knowledge and skills of our new and experienced Age Managers was enhanced with a day at Salt SLSC in September. This session motivated the club to offer a group of nipper parents training in SRC which was completed in November. Further education is intended for parents with previous Bronze Medallion qualification who need intensive proficiency. The engagement of parents in our nipper program is essential to enable the Byron Bay Nipper community to meet the demand of nipper registration numbers. The Club is mindful that qualification for nipper parents is needed in water safety, officials, IRB drivers as well as encouraging volunteering in general roles.

Nine nippers from the U14 age group participated in the Byron Bay Junior Lifesaver of the Year. Thank you to Murray Saul and Ann McCabe whom generously contributed their time to this program and were incredibly impressed with the clear perspective the nippers had on the values and purpose of surf lifesaving. Ann and Murray indicated that this group of interviewees were focused on being themselves, participating and engaging in club activities. Thank you to Michael Berti, Age Manager whom has played a crucial role in developing the confidence of the U14s in and out of the water. It is a true testament to Michael to see so many of this group participating in patrols regularly. Congratulations to Phoebe Link and Jack Safranek whom represented the Byron Bay Surf Club at the FNC Junior Lifesaver of the Year. Phoebe Link will now represent Far North Coast in Sydney in April 2021.

Byron Bay Nippers have received support from In the Pink Gelato, Rotary Byron Bay, First Light Healthcare, Byron Bay Farmers Markets and Sun Protection Australia. This support has enabled the purchase of equipment and has subsidised the cost of long sleeve pink rashies as an alternative to the pink singlets improving the sun safety for nippers and Age Managers are now wearing SPF 50 shirts.

The Surf Sports opportunities have been limited this season. Michio McMullen has continued to provide coaching for the water events with the support of other parents. Thank you to Michio for maintaining this program whilst the beach conditions were challenging. A team of eighty participated in the Yamba Carnival and a similar number will participate in the Branch Carnival. A team of ten will travel to the NSW Championships in Swansea Belmont in February.

Thank you to all the Byron Bay Junior Lifesaving community, it has been a year of wonderful teamwork – we began the year with a motto - flexible, fluid and adaptable – this has certainly held us in good stead to negotiate the 2020/21 season.

Kirtsy Pockley

JAC

### “TRAINING TOMORROW’S LIFESAVERS TODAY”

This season has been a healthy mix of challenging and fun at Cabarita SLSC. As a first timer taking on the role of Junior Activities Coordinator this season I have swum into the rip that is Surf Lifesaving and gone along for the ride.

New COVID-19 landscapes presented challenges throughout the season, but I consider us highly fortunate that we were still able to offer a full nipper season with carnivals, camps and special combined club days to our young lifesavers in training.

Our club’s main goal this year and into the near future is to maintain greater retention of our nippers throughout the 9 year junior program so we can continue to grow our patrolling teams and overall club experience and skills.

We have had 180 nippers enrol in our program in 2020/2021 and it has been a pleasure to watch them continue to develop their knowledge and skills in and out of the water every Sunday, whilst having fun. We have placed a focus this season on demonstrating that a nipper program is ultimately the pathway to becoming a lifesaver. To achieve this, we have aimed to improve the quality of our weekly delivery of surf education lessons and practical skills to highlight the connection between nippers and lifesaving.

It has also been heartening to see an increase in participation levels at club mid week training sessions. Again, the push was for nippers to attend to improve their confidence and skill levels in the surf sport disciplines, whether they choose to compete at carnivals or not.

Our carnival crew has begun to show signs of increasing numbers. Whilst maintaining most of our regular committed competitive juniors who love competing at carnivals, we have also been steadily gaining some new recruits, particularly from our younger age groups who we hope will continue to represent our club moving forward. Carnivals are such fun and a great way for club members, young and old, to bond in a special way.

Our Junior Lifesaver of the Year representatives this season are Jaxon Thomas and India Keeling, they are both model nippers on all levels and we are very proud to have them represent our club. Congratulations and good luck!

As always, the season would not run without all the amazing and selfless volunteers who put countless hours into administration, age managing, water safety, BBQ’s, training, raffles, carnivals, COVID marshalling and many more roles to keep our club going. Thank You!

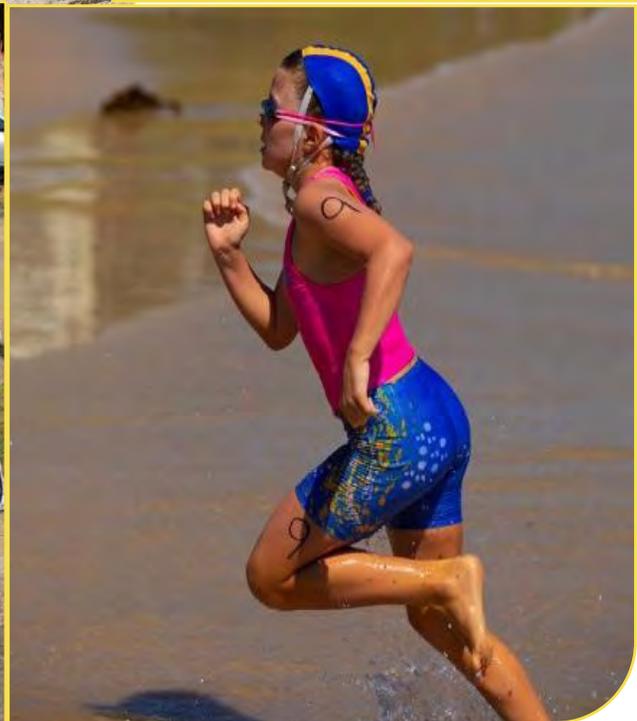

I am looking forward to helping continue to develop our juniors next season and beyond.

Isabel Topper

Junior Activities Coordinator

Cabarita Beach SLSC

## CUDGEN HEADLAND SLSC JUNIORS

Cudgen launched into the 2020/21 season with 277 nippers – a decline on last year attributable to a Winter season with increased shark activity, and a hangover from COVID. Notwithstanding this, we have experienced strong engagement across the season, with excellent numbers on Sundays, and an ongoing strong turnout to training. Consistent with seasons past, our U6 and U7 age groups have attracted large numbers again, reflective of the ongoing growth of the local area. Pleasingly we continue to see new members join our older age groups, with the U8's through to U14's numbers being boosted by new arrivals.

Our approach to Sunday Nippers has changed considerably from last year – Sundays are about building lifesavers of the future. Where we used to go 'round the cans' each weekend, we now focus on skill development, participation and engagement. Our efforts are directed toward ensuring everyone who attends on Sundays participates in all activities and feels like they continue to expand their confidence and skillset in and around the water, along with their knowledge and understanding of beach conditions and lifesaving disciplines. This approach is focused on retention, with our goal to continue retain our numbers through to the older age groups and beyond by providing a fun and educational experience, encouraging children and parents to get involved in club.

Our Cudgen Education team continue to do an amazing job helping with this. The majority of our U14's completed their SRC in September and have been patrolling the beaches during the season. Building on this, our U13 & U14 groups obtained their Junior Search and Rescue Certificate in the first half of the year, joining with Cabarita for a morning of education and fun. Led by the unstoppable Dave Field, the group conducted land-based training at Salt Park, before a run down the beach, a swim across the creek, and then some practice doing Deep Water entries and water-based searches. Later this season we look forward to having our U12's complete the HLTAID001 "Provide CPR" training course, and our U13's and U14's complete their UAV observers course.

With the increase in shark activity across the Winter, we mandated drone coverage for all Nipper Activity Days and Training sessions. Our drone team, led by Nick Forde, have done an amazing job making this possible. Additionally, with the help of our Education Team, we have 6 Nipper parents qualified to fly the drone for the seasons ahead.

With our large numbers, training days are busy. Our Head Coach, George, has done an epic job challenging our Nippers to a variety of different activities throughout the season. As a result, numbers continue to build, and we regularly have between 30 and 60 kids on Wednesday and Friday afternoons for Board Training, and a core 25 Nippers for Saturday Iron Training. With so many there, ensuring Water Safety coverage is a challenge – but we are continually adding new parents to be part of our water safety team which is great (although we always need more). We have added Ocean Swim training to our schedule and have engaged Phil Clayton to put our Nippers through their paces every third week. Phil's a first class waterman, a great educator and a terrific bloke to have around the club.

The season has started well competitively, with great thanks to Lennox & Yamba for hosting 2 great days of carnivals. Unfortunately due to border restrictions and some event cancellations, we have not had the carnival opportunities of most years in the lead-in to Christmas. However we have entered the new year with enthusiasm, and whilst it is disappointing not to be hosting the Country Championships, we look forward to welcoming all Branch competitors to Cudgen for the FNC Branch Championships at the end of the month. Our efforts will then turn toward State, where we hope to have a good contingent head south.

The Junior Activities Committee greatly appreciates the time and effort put in by the volunteers and sponsors that make our club successful. We all look forward to another fantastic year nurturing the future lifesavers of our community.

Paul Burdekin Junior Activities Coordinator

## EVANS HEAD/CASINO SLSC JUNIORS

We welcomed our season with a new look due to Coronavirus, but with the same and even more passion, commitment and enthusiasm in giving our juniors a great nipper season. It may have been overwhelming at first but we saw the enrolments of 80 to 90 new and returning nippers.

At Evans Head, while we are small, our parents and children love the feeling of being close and comfortable. We are slowly changing the way nippers is seen here and we are very excited for the end of the season and next season to see where it goes and hoping to get more parents / carers involved this great organisation and sport.

In this season we have had new age managers and water safety personnel as well as returning ones come to help with our nippers. We are so very lucky to have these dedicated team members for surely our small club would not be able to be where it is otherwise.

Lucy Ellis is still Junior Activity Chair and Lisa Cottle this year stepped into the role of Junior Activities Officer.

This year we had Abbie Yourell nominated as the Junior Lifesaver of the Year. She has been in our club since Under 6's, helps out at nippers, fundraisers, has been to countless carnivals and this year was 5th in surf swim and iron person for under 14s. She is also a patrolling member now with her SRC.

It is important that we thank the children this season for being patient, controlled, and enthusiastic but also for remaining as children and having fun and keeping safe at the beach. If we all learnt anything this year it is that no matter how hard something may be, working together and supporting each other is what will keep us going.

Lucy Ellis

Junior Activity Chair

Evans Head-Casino Surf Life Saving Club.

## LENNOX HEAD / ALSTONVILLE SLSC JUNIORS

Our 2020/21 Nippers Season for Lennox Head Surf Club has come close to a record season with 266 Nippers joining the club. Fortunately, all our amazing, hardworking Age Managers have committed again this season which has given the club a great level of consistency and experience. A huge thank you goes to Sam Miller, our former JAC of many years, who has taken on the role of Under 6 Age Manager with a record number of eager Under 6s attending each week. Most Sundays have been able to go ahead with suitable conditions and an excellent volunteer group ranging from our fantastic Water Safety crew to our hard-working BBQ convenors Una Jack, Aaron Jack, Suzie Slingsby and Gary White together with our support committee. The summer surf conditions in Lennox Head are not always ideal but our children all participate with 100% enthusiasm in the challenging conditions which will give them a lot of experience and confidence moving into their future.

The first carnival of our season was hosted by Lennox Head with U12-Masters competing. The carnival was a great success, and was our first branch carnival catering for the required COVID-19 safety plans. With fantastic conditions on our side, all events went ahead and the carnival ran in an efficient and timely manner thanks to our dedicated volunteers of the club, with the support of Branch. This carnival gave many of our Juniors the opportunity to compete with the Seniors of the club and cheer each other on, which was great for our team morale as we have a large number of Seniors competing for the club currently.

We would also like to name and congratulate our Junior Lifesaver of the year entrants Bronte Mills and Ethan Bayley. Each of these nominees are wonderful role models who are passionate about Surf Lifesaving and we wish them both the best of luck in the upcoming award selections.

With our large number of Nippers attending the several training sessions on offer – it has been a busy and rewarding season. Firstly, a huge thank you goes to Mark our Drone Pilot who has volunteered his time to ensure the safety of our Nippers during our early morning sessions in the surf. We regularly have between 30-40 children attending our board sessions and it's been wonderful to see their skills developing throughout the season. Another big thank you to our head coaches Scotty and Jodie Roberts who turn up every morning with a great attitude. We are so very fortunate to have parents like this to help harbour the U9-U10s nippers skill development in a fun environment. Lastly, thank you to Nathan Ellis who coaches our beach sprint sessions which many of our Nippers from across all age groups enjoy.

Yamba was the second carnival of the season and we thank the Yamba SLSC for organising such a great event for our Juniors. Lennox Head had over 100 Nippers competing on the day producing fantastic results. Although we were unable to get too close to our competitors due to COVID restrictions, it was great to see all our parents and Nippers cheering from the sidelines. Thank you to our Team Manager James (Jock) Walker whose excellent communication throughout the season has been invaluable. Also, a huge thank you to our officials Geoff Harris, Sam Miller, Wayne Shepherd and Brian Lyndon who tirelessly volunteer on behalf of our club even when some had no children competing at this carnival.

With 2021 now upon us we are turning our attention toward the New Year. We look forward to attending and competing at The Branch Carnival hosted by Cudgen, the Cabarita JAC Carnival and the NSW State Championships in Swansea. With a large number of Lennox Head Nippers hoping to compete our training is in full swing for the upcoming events.

Thank you to our Sponsors: Lois Buckett Holidays, Scope, Lennox Head Bakery, Lennox Head Butchery and Deli and our local business and community members for the support and contributions given to our Surf Club. Also, we wanted to say a huge thank you to Michelle Mahon who after many years as our registrar is handing over the reigns – your dedication and help within the club has been invaluable.

Last, but not least we thank our Nippers for being incredible children who have fun, work hard, and bring 100% enthusiasm to the beach. We look forward to the rest of the season!  
Regards Brendon (Lennox JAC)

## SALT SLSC JUNIORS

For the first time in the history of Salt SLSC we have over 200 Nippers registered (204), which includes over 40 Nippers in each of the U6, U7 and U8 age groups. We have consistently had 130-140 Nippers attend each session this season. We have continued to hold Nippers on Saturday afternoons, but delayed the start time from 2pm to 2:30pm to reduce UV exposure.

We kicked off the 2020/21 season with a smoking ceremony to acknowledge the traditional custodians of the Bundjalung Nation. Nippers and parents really enjoyed this, and we plan to make it an annual event. The Nippers were excited to get into the water again and displayed some great skills in challenging conditions.

The weather was gloomy for Creek Week – when we hold Nippers at Cudgen Creek to give the kids an opportunity to practice their skills in flat water - but even that didn't keep our Nippers away, with 130 kids (and their parents!) braving the conditions. Local business the Watersports Guru provided a giant paddleboard, kayaks and games for a bit of fun, and there was time to get out on the boards, try out our brand new pontoon and do some mock rescues too.

Salt SLSC had some fantastic results at the Yamba JAC carnival, but more importantly, everyone put in an awesome effort and enjoyed themselves. Check out these results! Bryson U8 - 3rd Sprints, 5th Flags; Tilly U10 - 1st Sprints, 1st Flags; Paddy U10 - 2nd Flags, 4th Sprints; Alex U10 - 4th Flags; Estelle U10 - 4th Sprints; Tilly, Paddy, Alex, Estelle U10 - 1st Open Relay; Jack U11 - 4th Flags, 6th Board, 6th Swim; Jordan U12 - 1st Flags, 1st Sprints; and Hugh, Cooper and Noah all completed races.

Salt's inaugural Golf Day to raise money for our Nippers was an awesome success, with 48 participants raising nearly \$2K. We used this money to purchase a pontoon and water mat, both of which have given our Nippers added incentive to make it out the back. Huge thanks must go to our major sponsors: twodogs photography, Mantra on Salt Beach, Salt Bar, Chinderah Golf and Pete's Golf Warehouse. Also, both our applications for funding through the NSW local sports grant were successful, from which we were awarded a total of \$13K. This money was used to purchase new sunshades; buy Nippers sun shirts for competition; and create a juniors area at the club house.

A special thank you to all parents and Nippers coming back again from last season. It is always nice to have our wonderful community feel here at Salt live on. A big welcome to the new parents and Nippers who have embraced the program and undertaken the excellent training courses supplied by the new-look training team. Many Nipper parents have undertaken their bronze or SRC in order to assist Nippers and patrols, with extra patrol teams added and more water safety activity during Nippers days.

We have successfully been running board training on Fridays at the beach for our competition Nippers and at the creek for our junior Nippers. This has given many new Nippers the chance to gain confidence, learn boarding skills and develop awareness in the water so at Nipper days they are raring to go. Thank you, Riley Smith, for his continued support in leading these sessions and to all water safety who constantly volunteer their time to be there. Another shout out goes to the parents who tow the trailer down to the creek on Fridays. This is greatly appreciated by the club and Nippers.

Thank you to all the dedicated parents and volunteers who have assisted with the Salt Nipper program this season. Our wonderful ladies working the BBQ, in conjunction with the Tong Masters. Our unreal Age Managers and water safety.

The Salt junior committee would also like to acknowledge our sponsors who have been such a great support this year and into the future. We have a valued sponsor for each age group.

A big thank you to the JACs from the other clubs, and the branch administrators for the support and collaborative approach to junior activities.

Sam Coleman JAC

## YAMBA SLSC JUNIORS

The 2021 season has been a great success for Yamba. Ideal conditions have allowed our Juniors to maximise time spent on the sand and in the water at our beloved main beach and its Surf Club, spending our Sunday mornings amongst all the club's members. With 120 Nippers in the 2020 season, we welcome back those existing members, but also welcomed new families with their younger members to the Nippers program this season.

Our 2020 season's success is largely due to the commitment and support of the Yamba Nippers committee, of over 30 parents, stepping up to volunteer and helping deliver a fun and educational junior nipper program. James Forbes, Helen Morris and Natasha Hancock remain the executive committee responsible in running the Junior activities at the Yamba SLSC. Our seasons success lies in the fact that every weekend there is a huge contingent of Volunteers assisting in every role required, including Age Managers, Water Safety, Coaches, BBQ helpers, Coaches.

Our older nippers have completed their Surf Rescue Certificate training on Sunday mornings, as part of the nipper activities and are now enjoying being part of the senior patrol teams. This link between nippers and seniors will hopefully assist in maintaining involvement in the club at the end of their nipper years. As they leave the junior ranks this season, they have maintained involvement, both training the younger Nippers, and also acting as water safety on activity days. Our Cadets and the JAC committee acknowledge the work by our surf club's Senior volunteers from education and training, facilitating this and other course's in the 2020 season

Yamba was fortunate to hold the first Junior carnival in the 2020 season and conditions were ideal. The carnival was a successful big day, with all events running as per program . Yamba had over 50 Nippers representing our club, with success particularly in the younger age groups. Under Jim D's guidance Yamba competitors continue to train and develop, aiming to make Yamba a competitive team in coming carnivals and seasons.

Good luck to all the Yamba competitors at this Years branch carnival.

GO YAMBA

James Forbes

## CONDUCTING OF BEACH EVENTS

1. All clubs shall provide one representative at each Beach area.
2. The representative shall be replaced at the changing of the competing age group.
3. Accredited Officials are considered as key officials and shall be regarded as the club representative. I ask for the clubs' assistance in implementing the above plan. Clubs that fail to fulfil their obligations shall be excluded from the arena.
4. The Carnival will operate under the SLSA SURF SPORTS MANUAL 36th EDITION, however the referee may implement local rules for the carnival. Eg. Beach events will run down to 3 for a final of 9, beach being available on the day, depending on tides.
5. All Carnival Entries are to be entered via Carnival Manager System
6. All Officials and Water Safety please sign Attendance Book on arrival at Carnival.
7. All Competition Officials are asked to pay attention to their dress whilst officiating. There are strict rules for competitors dress, and we expect no less from officials.
8. Probationary Officials who are yet to complete their Third-Party Report from last season are especially invited to attend.
9. Any Competition Official who did not receive an appointment to this Carnival are asked to report to Debbie Pawsey or Carnival referee Peter Allsopp on arrival at Carnival.
